@ railroad grade crossing MG<sup>2</sup>A Project #1124

Dear Mr. Stead,

In response to the attached Notice from the Illinois Commerce Commission requesting a letter providing the completion date of the above referenced project, we are forwarding this information to you per Mr. John Blair of the I.C.C.

This project was completed as of November 28, 2001 per the attached Engineers Final Payment Estimate #1 for a total construction cost of \$34,769.20. On January 2, 2002 the Village of Bourbonnais submitted the request for reimbursement per the stipulated agreement between the Village and the I.C.C. This cost totaled \$43,200.50 which included \$34,769.20 for construction and \$8,431.30 for the Engineering (see attached letter).

Please review the attached information and if you have any questions, contact me.

Sincerely,  
M. GINGERICH, GEREAX & ASSOCIATES

Dear Mr. Blair:

On behalf of the Village of Bourbonnais, I am herewith requesting an additional \$6,253.50 in reimbursement funds for the Village of Bourbonnais.

As you know, the ICC and the Village had entered into a stipulated agreement for improvements to the McKnight Road Grade Crossing. That agreement provided for a maximum reimbursement to the Village of \$36,947.00. However, in the design of the improvements, additional engineering costs were incurred by the Village as a result of multiple changes requested by the ICC and IDOT. Accordingly, total improvement costs amounted to:

Construction:	\$34,769.20
Engineering	<u>\$ 8,431.30</u>
Total	\$43,200.50

The additional \$6,253.50 in funds requested is the difference between the Stipulated Agreement and actual costs.

Thank you for your assistance in this matter.

Sincerely,

  
Frank Koehler  
Village Administrator
